To Transform
YOUR HOME

The Company

About us

KEVOX Paints is a leading manufacturer and supplier of premium paints and coatings, committed to transforming spaces with vibrant colors and unmatched quality. Established with a vision to redefine the painting industry, we offer a comprehensive range of products, including Cement Paint, Cement Primer, Synthetic Enamel, Acrylic Distemper, White Cement Putty, Acrylic Plastic Emulsion Paint, Exterior Emulsion, and Wall Texture Paint.

Incorporated
in the year 2000, at
Delhi, U.P, Haryana
India, Kevox Paints
Distinguished Manufacturer,
Exporter, Supplier,
Distributor, Importer of
the premium quality
assortment of
Construction
Chemicals.

OUR MISSION

At Kevox Paints, our mission is to redefine the standards of color and coating excellence by providing high-quality, durable, and eco-friendly paint solutions. We strive to inspire creativity and confidence in every space we touch, ensuring that our products not only enhance aesthetics but also protect and preserve surfaces. Through innovation, advanced technology, and a deep commitment to customer satisfaction, we aim to deliver sustainable solutions that bring life, color, and long-lasting beauty to homes, businesses, and industries alike.

OUR VISION

Our vision is to become a global leader in the paints and coatings industry, recognized for our unwavering dedication to quality, sustainability, and innovation. We aspire to transform the way people experience color by combining creativity with cutting-edge technology to create paints that inspire emotions and elevate lifestyles. Kevox Paints envisions a future where every wall tells a story of craftsmanship, care and environmental responsibility, making us a brand synonymous with trust, transformation, and timeless color solutions.

OUR COMMITMENT

Our commitment to sustainability is evident in our eco-friendly formulations that prioritize environmental care without compromising on performance. We continuously innovate to stay ahead in the industry, ensuring that our paints not only beautify but also protect and preserve. With years of experience and a customer-centric approach, Kevox Paints has earned the trust of clients across residential, commercial, and industrial sectors. We understand that every space tells a unique story, and our range of products is crafted to bring your vision to life.

OUR EXPERT TEAM MEMBER

Kevox Paints promise to every person who is a product of Kevox Paints Company, all the products are best according to their value as per their price. We promise that there will never be any complaint in any of our products. We have full responsibility for any kind of genuine complaint. If there is moisture on the wall in any product, then the company will not have any responsibility. Clean the wall thoroughly and surface it, then use wall putty, after that use wall primer. If it is an internal surface, then interior. Use primer, if it is an outside surface, then use primer on the outside, after that apply emery paper, after that do a code primer, after that apply emulsion, two or three coats. If everything is done correctly, then any kind of responsibility will be of the company. Whatever be the product, its responsibility will be of the company.

OUR COMPANY OBJECTIVE

The company has set an objective for our entity for achieving maximum client contentment by directing our actions towards their demands. With constant support and motivation, our team works with great diligence and commitment for meeting the goal. This has helped in the massive success and growth of our Organization.

More than 70% of our Success Comes
from satisfied customers
recommending us.

Our success is driven by a customer focused mind set, thorough research,
and a commitment to continuous innovation.

OUR OUR EXCELLENCE

SUPERIOR QUALITY

We use advanced technology and carefully selected raw materials to create paints that offer superior coverage, vibrant colors, and exceptional durability. Each product undergoes rigorous quality checks to ensure it meets the highest standards of performance and reliability

INNOVATIVE SOLUTIONS

Our team of experts constantly pushes boundaries to develop cutting-edge products that combine functionality with design. From eco-friendly formulations to versatile textures, our paints are crafted to protect, enhance, and beautify every space

CUSTOMER-CENTRIC APPROACH

We believe in understanding and addressing the unique requirements of our customers. Whether it's a residential, commercial, or industrial project, we offer tailored solutions that ensure complete satisfaction and lasting results..

HI-GLOSS PREMIUM QUALITY SYNTHETIC ENAMEL

Kevox Paints Hi-Gloss Synthetic Enamel is a type of opaque finishing or protective layering/coating applied to metal surfaces. Its rich, vibrant colours are popular with many homeowners who want to make their homes look new again. Kevox Paints Hi-Gloss Enamel paint is composed of a base coat (an adhesive for pigment particles) and a colourant. These components react with each other to form chemical bonds that create resistance to weathering factors like heat or cold. The resulting finish, therefore, offers more durability than standard finishes do on any surface it is applied onto. The best part is that they come in different colours as well as different levels of glossiness (matte finish).

PRODUCTS FEATURES

Finish	:	Better
Coating	:	2-3 Coats as Required
Washability	:	Excellent
Coverage	:	90 To 100 Sq Feet Per Ltr/coat
Drying Time	:	Surface Dry 180-300 min/ Hard Dry 24-48 hrs.

PREMIUM WHITE CEMENT BASE WATERPROOF WALL PUTTY

Kevox Paints Waterproof Wall Putty is a specially designed product, manufactured with a new "Low dust technology" which makes a dramatic reduction in airborne dust, create during pouring and mixing of putty without changing on rough plasters to give a smoother finish & stronger adhesion. It is best suited to minimize paint cost and extend it's durability. It protects your expensive paint and retain its beauty for long. It reduces repainting frequency, thus delivering a better life time value as advanced manufacturing process makes it better than other wall putty due to its better water resistance, work ability, smoothness and durability Being pure white and smooth, it brings out the true tone/shade of expensive Emulsion applied over it.

PRODUCTS FEATURES
